AUTHORIZED CLASS ACTION**

Conseil pour la protection des malades et Daniel Pilote

c. CISSS de la Montérégie-Centre et al.

N° 500-06-000933-180

On September 23, 2019, the Superior Court of Quebec for the district of Montreal authorized a class action (hereinafter the "Class Action") against the 22 *centres intégrés de santé et de services sociaux* ("CISSS") and *centres intégrés universitaires de santé et de services sociaux* ("CIUSSS") of Québec and the McGill University Health Center ("MUHC") (hereinafter the "Defendants") for the benefit of the following group of persons:

"All people who have resided in a public residential and long-term care centre (hereinafter "CHSLD") after July 9th, 2015, excluding persons who have stayed in a « temporary bed » for a period of thirty (30) days or less per stay in a CHSLD.

Temporary bed designates more particularly but not limited to: "respite beds", "emergency beds", "transitional beds", "convalescence beds", "overflow beds", "alternative geriatric beds", "rehabilitation beds", "short-term unit beds", "intensive functional rehabilitation transitional unit beds (URFI)", "alternative beds", "social emergency beds", "transitional functional recovery beds ("UTRF") and "palliative care beds".

The members of the group are automatically included in the Class Action without having to register. **Only the persons who became members of the group after June 28, 2021 can still opt out of the Class Action.**

It is important to note that the assignees of deceased members of the group will also have the right, in the event of a favorable judgment, to claim the sums which would have been due to the deceased. It is therefore important for these people to transmit their contact details now on the website www.larochelleavocats.com, so that they can be contacted more easily, if necessary.

The *Conseil pour la protection des malades* was appointed representative of the persons included in the Class Action, and the designated person is Mr. Daniel Pilote.

This Class Action aims to obtain compensation for damages which are alleged to have been suffered by the designated person, Daniel Pilote, and the members of the group, due to the alleged non-performance by the Defendants of their obligation to provide a substitute living environment respectful of the rights of these persons under the terms of the *Act respecting health services and social services*, the *Civil Code of Quebec* and the *Charter of human rights and freedoms*. **This Class Action does not include members' claims or rights of action which arise from faulty management of the pandemic and spread of COVID-19 in CHSLD, whether or not these claims or rights of action are covered by another Class Action in connection with the pandemic.**

This is an abbreviated Notice approved by the Honorable Donald Bisson, j.c.s., to the members of the group included in this Class Action concerning people who have resided in a public CHSLD after July 9, 2015. The full text of the Notice to members can be consulted on the group counsel's website: www.larochelleavocats.com.

Important information regarding the registration, the eligibility of the members of the group, the possibility of opting out of the Class Action for those who became members after June 28, 2021, or the fact of being excluded, are specified in the complete version of the Notice to members.
